

**Remarks**

The present response is to address a typographical error on page 4 of the response filed May 19, 2010.

Specifically, the paragraph between lines 9-13 should read:

"Moreover, if the quantity of etching gas in CHIU et al. corresponds to  $r_1$  and the quantity of growth gas corresponds to  $r_2$ , then a relationship among  $r_1$ ,  $r_2$ , and  $R$  disclosed in CHIU et al. is:

$$|r_2| \leq 0.4 \times |r_1|, \text{ where } r_1 < 0 \text{ and } r_2 > 0. |R| = |r_1 + r_2|"$$

That is,  $|r_2| \leq 0.4 \times |r_2|$  is replaced with  $|r_2| \leq 0.4 \times |r_1|$  to address this clear typographical error.

For the reasons set forth in the response of May 19, 2010, the application is believed to be in condition for allowance.

The Commissioner is hereby authorized in this, concurrent, and future replies, to charge payment or credit any overpayment to Deposit Account No. 25-0120 for any additional fees required under 37 C.F.R. § 1.16 or under 37 C.F.R. § 1.17.

Respectfully submitted,

YOUNG & THOMPSON
